

SHERIFFS ARREST

TWENTY-THREE ON
WAY FROM BORDER

GLOBE, Ariz., April 29.—Twenty-three Mexicans, 16 men, two women, two little children and a baby in arms were arrested Thursday morning while attempting to pass through the city to Miami in a small motor truck, by Sheriff Kinsey and Deputies Sanders and Armer. They were detained at the telephoned request of the United States immigration officers at Tucson and are in the county jail.

The party came from El Paso and it is supposed that it will be charged with entering the United States illegally. The men, women and children in the truck were so packed together that it was impossible for more than one or two to sit down at the same time and all were tired and wretched. The driver of the truck was Jesus L. Carrillo.

A second truckload of alleged violators of the immigration laws was supposed to reach here from El Paso last night, and the sheriff and his deputies were watching the roads. It was learned that this party had passed Safford and it was believed last night that it had camped by the roadside for the night.

SAFFORD YOUTH AND
15-YEAR-OLD GIRL

ELOPEE; CAPTURED

Love's young dream was rudely awakened yesterday when sheriff's deputies at Globe nabbed Pat Evans, a youth barely out of his teens, and Josephine Foster, 15, who had eloped from Safford, Arizona, Thursday night. Officers throughout the county had been notified to be on the lookout for Evans for whom a warrant of kidnapping had been sworn to by the girl's father who believed that this daughter was too young to choose her life mate.

EXPLOSION KILLS TWO
AND INJURES TWO OTHERS

KINGMAN, Ariz., April 30.—Two men were instantly killed and two others were terribly injured, yesterday afternoon, at the big rock cut at Crozier, when a charge that was being tamped into a deep hole, that had been sprung a few minutes before, exploded. The men who were killed were Albanians and were named Cefik Rustem and Kamil Refat, the names of the injured being unobtainable. Rustem and Refat were working in the cut below the ground that had been drilled and made ready for the blasts, and when the explosion came they were buried beneath a mass of rock and debris. The other men were close to the blast and received terrible injuries from flying rock. One of these men is not expected to survive.

MECHANICAL SCHOOL

EQUIPMENT SHIPPED

PRESCOTT, April 30.—The first installment of several thousand dollars' worth of mechanical equipment for the automobile school of the federal board of vocational education at Whipple Barracks has arrived in the shape of a new touring car. A requisition for a complete list of mechanical equipment has been okayed in Washington, and it is expected that the material will begin to arrive soon. It will include lathes, tools and other shop equipment.

BISHOP GRANJON

GOES TO EUROPE

TUCSON, April 30.—The Right Reverend Henri Granjon, bishop of the Catholic diocese of Arizona, with headquarters at Tucson, has left for Rome, where he will be granted an audience with Pius XI.

While in Rome, Bishop Granjon will attend the international Eucharistic congress, which will be held there from May 25 to 29.

SALVATION ARMY ATTENDS 880

PRESCOTT, April 30.—During the 9 weeks that the Salvation Army has been in Prescott, 880 persons have been given relief in some way or another, 192 men have been given lodging, 422 meals have been supplied, 367 garments have been given to needy persons and a total of 125 families have been helped, according to figures obtained from the army officers.

Eloy shipping out approximately ten cars lettuce daily.

EL PASO FIRM TO
PLAN NEW HI SCHOOL.

Trost & Trost, architects of El Paso, have been engaged by the Tombstone Union High School District to furnish plans and specifications for the proposed high school building to be erected here as soon as bonds for the purpose have been voted. The members of the board have had under consideration selection of an architect to furnish plans for the school, going into the matter thoroughly for the past week. It was announced today, with the result that the El Paso firm was selected from the list over several Arizona firms, due to the advantage gained in the contract entered into and failure of local concerns to be able to furnish specifications wanted.

The board will meet tomorrow in special session for the purpose of fixing the day for holding the bond election, which will be made as soon as possible. The amount to be called for will also be fixed, although it is expected this will be in the neighborhood of \$75,000.

Selection of a site for the building is also one of the main matters to be decided upon by the board, several being now under consideration. Cost of the site is one of the principal bones of contention, several property holders still holding out for higher figure than the board considers just, it is understood.

Incorporation of a gymnasium in the proposed building is causing the board no little amount of worry. It was announced today, and it is possible this will be left out of the plans altogether unless some solution of the site problem and the limit on amount of bonded indebtedness on the district is reached.

A new member of the board, W. H. Miller, of Turner, to take the place of Mrs. Fannie Fletcher, of Hereford, resigned, has been appointed by Miss Helen L. Brown, county school superintendent.

The other members of the board are W. A. Fowler, president; Guy C. Welch, secretary; Ray B. Krebs and L. L. Ledford, members.

MEXICANS TO BAR

AMERICAN FILMS

UNLESS CENSORED

EL PASO, Texas, April 28.—Juarez customs officials today received orders from Mexico City barring all Paramount motion picture films from that country unless "Her Husband's Trade Mark," a picture recently made here by Gloria Swanson, is withdrawn from circulation.

Several scenes of fights with Mexican "revolutionists" are shown and the customs order says "Mexico is placed in an untrue and shameful light."

SEBERO MIRANDA, 92,

COWPUNCHER FOR 55

YEARS, DIES HERE

TUCSON, April 29.—Sebero Miranda, 92 years old, died Thursday afternoon at a local hospital after an illness lasting only a short time.

Miranda had been a cowpuncher for the past 55 years, spending most of that time on the Empire ranch, near Vail.

The body will be taken to the Empire ranch for burial, as that had been his home for so many years past. He was born in Mexico.

NEAR SERIOUS

AUTO ACCIDENT.

Mrs. H. T. Hamilton, of Douglas, narrowly escaped serious injury yesterday when the auto she was driving left the road on the outskirts of Tombstone, and breaking a rear wheel overturned. Mrs. Hamilton, who conducts the Winton Hotel in Douglas, was thrown clear of the car and suffered only slight bruises. The top of the car was badly damaged. Repairs were made and she continued on to Nogales a few hours afterward, where she will join her husband.

OIL EQUIPMENT SHIPPED

NOGALES, Ariz., April 28.—The first carload of equipment to be used in drilling for oil in the Elgin field in Santa Cruz county arrived there this afternoon, according to word received in Nogales. Four other carloads are enroute from Bowie, Ariz., where a complete drilling outfit was purchased by the Nogales Gas & Oil Company.

BEN OLNEY ATTEMPTS DAY-
LIGHT HOLD UP OF GILA VAL-
LEY BANK & TRUST COMPANY

CLIFTON, Ariz., May 1.—On Thursday morning of last week Safford was thrown into a state of wild excitement when Assistant Cashier Harry McCarroll of The Gila Valley Bank and Trust company of that place, rushed from the bank and gave the alarm that a burglar had gained entrance and had attempted to hold him up at the point of a gun.

Deputy Sheriff Talley and Deputy Sheriff Alfred, with a posse, were quickly on the scene and surrounded the building. Deputy Sheriff Talley and a member of the posse entered the front door of the bank with rifles and Deputy Alfred and others gained entrance through the rear door of the bank. While the would-be robber was covered with a rifle from the front entrance, Deputy Alfred disarmed the intruder, and upon the removal of the disguise, to the surprise of the officers and members of the posse, the robber proved to be Ben W. Olney, nephew of Hon. Geo. A. Olney, age about 50, former deputy sheriff of Graham county and recently a watchman employed by the P-D Corporation at Morenci.

Olney was taken to the county jail awaiting a preliminary hearing. Hon. George A. Olney, who resides in Phoenix, was notified and he is expected in Safford today. Shortly after 8 o'clock on Thursday morning Assistant Cashier McCarroll opened the front doors of the bank, pulled up the window shades, and started around back of the banking counter, when he noticed a light shining under the door of an ante room which opens at the rear of the bank building on the northeast corner. Thinking that he had left the light burning the previous evening the assistant cashier stepped towards the door leading into the rear ante room. As he did so a masked and disguised man stepped out of the adjoining directors room with a 45 six shooter in his hand and ordered him to throw up his hands.

McCarroll bolted into the rear ante room and made his escape through an opening in the panel of the back door which the robber had sawed out when he gained entrance to the bank during the night. The alarm was given instantly and before the robber could escape, if he had any such intention, the building was surrounded, and his capture effected. Olney was completely disguised and his identity was not known until the mask was removed. The mask completely covered his face, which had also been blackened, as well as his neck. He wore a red bandana handkerchief around his neck and had on an old slouch cowboy hat and old clothes. He carried a cotton bag, some thin wire and pliers, and in addition to a six shooter had a pitch fork as a weapon.

The theory of the bank officials is that the robber intended to remain concealed in the directors' room until the time lock safe was opened, then step out and hold up the cashier and assistant. The light in the ante room, attracting the attention of the assistant cashier, evidently upset the plans. Olney is alleged to have said, when taken to jail: "Well, I guess I pulled a bone."

FOREIGN ORIGIN SILVER PRICES
HOLD AT HIGHER LEVELS

NEW YORK, May 1.—Sales in foreign origin silver have held around 88 cents since April 19 when a new year's high record of 71-1-2 cents was recorded. Silver has sold this week even higher at 88-7-8, but the fact that it has held most of its advance is considered convincing evidence that world silver markets are much stronger.

During this period India has been the largest buyer, but it is likely that this silver is going to China since Indian speculators have an advantage over those of China in lower transportation charges.

The exchange rate on Shanghai holds at 71-1-2, the high rate established when silver advanced last week. Rates on India are unchanged.

The military disturbances in China are not expected to influence silver unless there are actual hostilities.

A Bolshevik movement in South China is rumored. Silver stocks at Shanghai on April 15 were about \$72,200,000. Mexican, against \$96,000,000, Mexican in March and the same amount in April, last year.

Exports to the United States from the port of Shanghai for the first 2 months of this year amounted to \$10,600,000 (value) compared with \$8,000,000 in the corresponding period of last year.

Purchases of domestic silver under the provisions of the Pittman law and at 99.58 cents an ounce now amount to 104,780,398. This represents 16,265,428 ounces, so far this year and the balance between June 17, 1920, and December 31, 1921. Total order is for 268,000,000 ounces. Estimated domestic production for this year is less than 50,000,000 ounces.

No gold has been shipped from London to New York since February 15. A consignment of \$1,900,000 was received on the "Mauretania," April 21 from France, and delivered to the Irving National bank.

Gold receipts into London for the past week amounted to £334,365 of which £329,781 was from South Africa. Exports of £216,754 went to India.

Gold sold in London last week at 93 shillings, the lowest since July, 1919.

APACHE SHIPS FIRST
CAR OF POWDER.

J. L. Sparks, conductor of the local branch of the E. P. & S. W. today reported that the first carload of dynamite blasting powder manufactured by the Apache Powder company, was shipped yesterday from the big factory near Tombstone, to Miami, consigned to the Inspiration Consolidated Mining Company. From now on shipments will go out daily to the mining districts from the big plant, when maximum capacity has been reached by the factory.

The company started manufacture of blasting powder last week following test runs which lasted for a period of several weeks. Products which go into the manufacture of the finished product have been shipped in to the quantity of nearly a hundred carloads during the past six weeks. It is expected the maximum capacity of the plant will be reached when mining again resumes normal conditions in the state.

Casa Grande—County grape men meet to organize growers' association.

TOMBSTONE BASEBALL
CLUB ORGANIZED.

(By "S")

At a meeting held last evening at Crone's Drug Store, the Tombstone Baseball Club perfected its organization, electing the following officers:

Grant B. Warner, manager; Bradford Brandt, treasurer, and George Crone, captain.

Plans for a game every Sunday were made, and as far as possible these games will be played on the local diamond, which has been put in good condition.

That there is material here for a first-class team, there is no doubt, and a feature of the meeting last evening was the apparent understanding among the players themselves, that at present they are not capable of meeting the better teams about the county and until they have polished off through daily practice, they will make no attempt to match games with teams above their average.

The ability of the individual players of the local club is as good as any to be found in this section, but team work must be developed. However, those behind the club seem to realize this fact fully, and have outlined a rigid rule that each member of the club turn out every day for practice.

The entire team must be on the diamond for the brand of practice that is outlined for the club, and penalties will be imposed upon any member who, without a plausible reason, fails to take part in the daily practice program. This has been the great failing of the baseball teams of Tombstone for the past several years, and of course they always went down to defeat with such regularity that when by accident or esteem on the part of their opponents they happened to win a game, local fans, many of whom had not done so for many years, felt so elated that they went straight home and kissed their wives. When reminded of this fact, the members of the present club avowed that the organization of this year's club will prove a boon to the community's domestic relations.

Arrangements are now being made for a game next Sunday, on the local diamond, with the All-Apache Powder plant team. Definite announcement regarding this game will be made as soon as arrangements are completed. If the local club will buckle down to business, and through hard practice and real baseball, throw off the yoke of misapprehension that they have naturally inherited by the consistent failures of the teams of the past, where in every instance the citizens donated to the cause only to learn later that some one went south and no games were won, they will find a large following of baseball bugs ready to back them up to the limit. Every community can afford a good baseball club, and this one will do so, with the understanding that in return they expect to see some snappy games and some victories.

CHANDLER RANCHER
COMMITTS SUICIDE

PHOENIX, May 2.—With the throat cut, the body of Frank Roberts was found at 6:30 o'clock last night at his ranch on Hickory road, one-half mile east of Chandler. The terrible act had been accomplished with a razor. The man had been dead for several hours when found. Roberts, who was 45 years old, had made his home near Chandler for the past nine years. He was unmarried, and was a cripple. Despondency is supposed to have been the cause of the act as he had frequently stated that his life was a failure. He had no relatives in Arizona. His parents, who live in Texas, have been notified.

TO HOLD CONFERENCE

NOGALES, May 2.—An international good roads conference will be held here within the next ten months as a result of a joint conference of representatives of the Bankhead National Highway association and the Nogales, Ariz., and Nogales, Sonora, chambers of commerce here today. Good roads boosters from all sections of the United States and Canada will be invited to attend the conference.

Globe—Arizona Packing company to open distributing plant.

O. GIBSON ANNOUNCES
FOR SUPERIOR JUDGE.

Today O. Gibson, attorney of Tombstone, makes public announcement that he will enter the race for the Superior Judgeship as one of the two to be elected in Cochise county at the coming election. Mr. Gibson will make the race subject to the Democratic primaries, and is the first to announce for this important office in this county, to which there are two to be elected, one for each division a second division having been created two years ago when the population of this county reached a point which would allow for creating of another branch.

Mr. Gibson needs no introduction to the people of Cochise county, having made his residence in this county for the past twenty years, coming from Flagstaff, where he arose from the lower ranks. In his younger days he followed the cattle business, studying law between times and at an early age was admitted to the bar, having practiced in all the courts of the state ever since. Coming to Tombstone he established the Gibson Abstract company, which has been a Cochise county institution for years, and through which he has gained a wide acquaintance. His practice in the courts has been general and he has established himself an honorable member of the bar with recognized ability on Blackstone.

If elected Mr. Gibson plans to assign his business interests and enter his official duties with the best that is in him for the interests of the county and state, he stated today.

While he will make a general campaign between now and the primaries Mr. Gibson said today that he will make an effort to meet as many of the voters as possible personally, although he will depend on his wide acquaintance and qualifications for the high office to which he aspires. In placing his candidacy before the voters of the county.

SUPERVISORS ASK
FOR EMERGENCY.

In session today the board of supervisors decided to request for another emergency from the State Tax Commission to replenish several depleted funds, owing to the workings of the new budget law.

An emergency totaling \$7800 distributed as follows, will be asked for: Treasurer's office, \$250; Assessor's office, \$1500; Indigent Allowance Fund \$3000; Warren District Street Lighting Fund \$300; Burial of Indigent Dead, \$500; Quarantine and Sanitation, \$200; Supervisors' Miscellaneous \$500; County Attorney's office Miscellaneous, \$1500.

Following receipt of the request of the Cochise board the law provides that the Tax Commission shall set a date and give notice for hearing to be held in the county seat when evidence will be heard by the commission to show reasons for the request. It is possible the hearing will be heard by the next meeting of the board on the 15th.

The board today also fixed the legislative districts, which will remain the same as last year, with the exception that the newly created district of Ash, which was formed out of McNeal and Whitewater precincts, was included in District Number 7. The supervisory districts were fixed at the last month meeting of the board as provided by law.

TWO MEN ARE HELD
IN KILLING NEAR
SELIGMAN, ARIZONA

PRESCOTT, May 1.—Two men are being held at Albuquerque for investigation in connection with the fatal shooting of Hugh Kennedy, 17-year-old Mayfield, Oklahoma, boy, at Seligman last Thursday night, according to word received by authorities here today.

The men, whose names are said to be Sidney Quinn and Joe Patterson, are lodged in the Albuquerque jail on vagrancy charges and late this afternoon, Yavapai county authorities filed criminal complaints charging murder and naming them defendants.

Officers will attempt to identify the suspects with members of a party of tramps riding an eastbound freight train and two of whom are said to have shot Kennedy.
